PIANO MATTY B · WINNIPEG

Piano Bar Karaoke

A one-hour live sing-along for your professional development day or team-building break.

What it is

Professional development days are full of seminars and speakers. This is the hour everyone actually remembers. Piano Bar Karaoke brings a live piano into your staff room, gym, or hall for one hour: your teachers pick the songs ahead of time from the song list — and the teacher who picks a song is the one who sings it, with Matthew playing live on piano while the room sings along — solo, in duets, or all together. No auditions, no experience needed, nobody put on the spot. Just a room full of teachers having fun together.

How it works

1. **Pick your date** — a professional development day, a lunch hour, or a break between sessions.
2. **Teachers choose the songs they'll sing** — browse the song list and claim the songs they'll sing at pianomattyb.github.io/piano-bar-karaoke, ahead of time.
3. **Show up and sing** — Matthew brings the piano and runs the hour. All you need is a room.

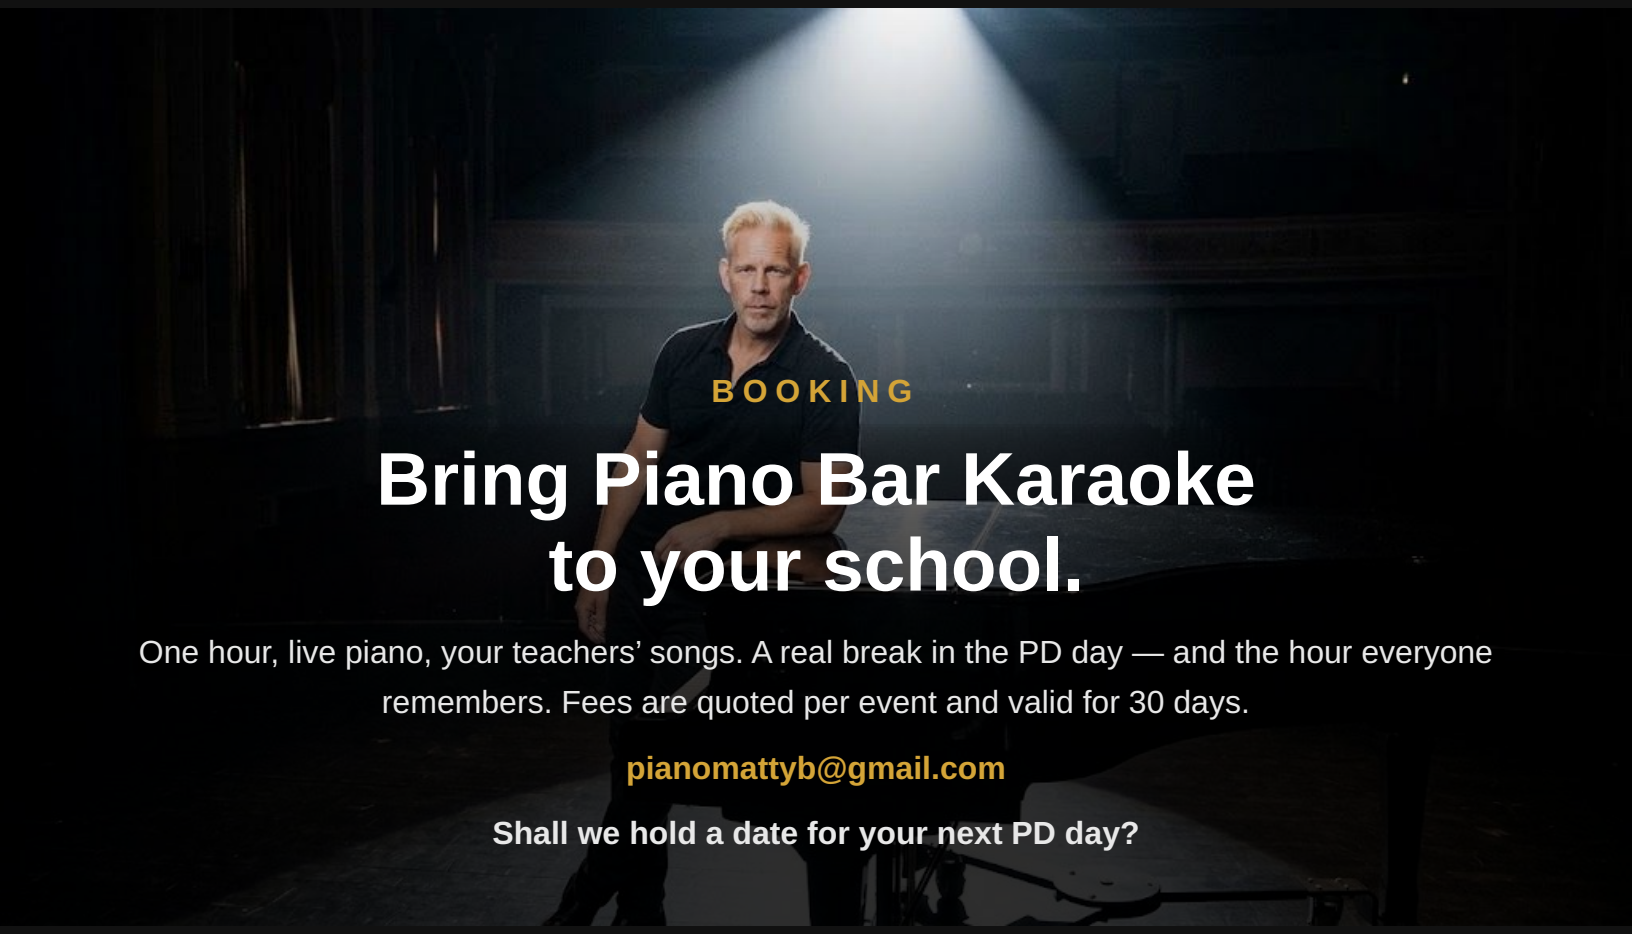

Why it works for a PD day

- **Real team building.** Singing together breaks the ice faster than any icebreaker.
- **Everyone can join in.** Solo stars, duets, or the whole room in chorus. Nobody has to sing alone.
- **Zero prep for organizers.** The song list, the piano, and the hour are all handled.
- **A genuine break.** An hour of fun between seminars — not another session.

What's included

One hour of live piano karaoke, hosted by Matthew (Piano Matty B). A song list — your teachers browse it and pick the songs they'll sing. Piano and sound provided. Flexible timing — PD day, lunch hour, or break.
